ANNOUNCEMENT.

My name will be presented to the Wood County Republican Convention of 1905, as a candidate for the office of County Clerk, and I will appreciate the support and influence of all Republicans of the county.

EDWARD L. BLUE,
Editor Perryburg Journal.

It is now announced that Attorney-General Moody has decided to continue in the President's new Cabinet. This disposes of one more interesting conundrum.

Senator Platt ridicules and discredits Postmaster Roberts of Sharon Pa., who ate seventy-three pancakes at a sitting, because he did not finish with a platter of pumpkin pie.

Senator Depew recently said: "Roosevelt elected Roosevelt." He adds that if everything is to go on to the satisfaction of everybody there must be a "minimum of discontent and a maximum of satisfaction."

In January the Senate Committee on Privileges and Elections will hold a meeting in Utah to consider Senator Smoot's case and it is thought that at least twenty-five witnesses will be examined. Senator Burrows says he will hurry up the report.

The Hon. R. Strutt, son of Lord Rayleigh, has invented a radium clock warranted to run 2,000 years without winding up. It can be made for about \$10,000. "Grandfather's clock" will be nowhere after this. But then who wants a clock which will run 2,000 years?

Cuba is forging along in the right direction for a Republic. It now has 3,600 public schools, with 120,000 pupils an increase of 10,000 over last year. It has appropriated \$2,500,000 for new roads and bridges, and has virtually exterminated yellow fever, there being but one case during the past year.

Mr. Root wants the Republicans of Missouri to re-elect Senator Cockrell. The President wants Senator Cockrell as chief of the Civil Service Commission or the Panama Commission. A lot of Republicans want General John C. Black for Pension Commissioner. Has the political millennium arrived?

The Nebraska election seems to have been somewhat significant. Out of 133 members of the legislature the Democrats and Populists together secured only ten seats and they have not a single member of the State Senate. This shows how near Col. Bryan came to being sent to the Senate from that state.

The question as to whether there will be an extra session of Congress to revise the tariff is having hot discussion at Washington. Lodge and Foss are both on hand and Governor Cummins is also there dropping large chunks of the Iowa idea into the President's ear. Whether there will be an extra session for that purpose or any other purpose, will ultimately be disclosed.

A great wave of patriotism swept over Indianapolis when the Liberty bell reached that city. Over one hundred thousand people thronged the street to see the relic, and the bell had to be taken from its car and dragged through the streets. All the people shouted and the bands played the "Star Spangled Banner." The cost of the trip of the bell to St. Louis was \$15,000 and the people of Indianapolis put up \$500 to give the Philadelphia officials a luncheon, with speeches thrown in. Verily these are economical and prosperous times.

Death of Former Perryburg Lady.

After many weeks of intense suffering, most patiently borne, Mrs. Ida G. Clement, passed away at 3:35 o'clock Wednesday afternoon, at the family residence, No. 324 Jefferson street, and in her death the circles in which she moved and was an active part will lose one of their most esteemed and admired members. She was a loyal wife, one of the sweetest and best of mothers and a woman to be honored in life as well as mourned in death. Mrs. Clement was born on June 9, 1861, and is survived by her husband, Walter Clement; son, Harry L., aged 16; daughter, Hanna, aged 8; and two brothers, George Hesel of Perryburg, O., and Harry Hesel of Chicago. She was a member of Indiana Hive, L. O. T. M., and of Corn Smith Division of the Ladies' Auxiliary to the Brotherhood of Locomotive Engineers. The funeral service took place at St. John's Episcopal church Friday afternoon, and was largely attended. —Elkhart Review.

Millbury Loses a Worthy Citizen.

Henry D. Grove of Millbury passed away at his residence last Saturday, Nov. 26.

Deceased was one of the best known people of the county, and had been a Justice of the Peace in his locality for 29 years, and for 28 years he also served as township and corporation clerk.

Mr. Grove was born in Rensselaer, Co., N. Y., May 22, 1832, and came to Ohio in 1859, locating in Wood county.

He leaves a widow and one married daughter.

DEATH OF PIONEER LADY.

On Wednesday evening, Nov. 30, 1904, at 8 p. m., Mrs. Katherine Wieland passed away at the home of John Leydorf in Perryburg.

Deceased was born in Wurtemberg, Germany, and came to this country about 65 years ago, and has been a resident of Wood county for the past 56 years. Her age at the time of death was 91 years and 3 months.

She leaves one daughter, Mrs. Rosa Herbert, of Higgin, Ind., and several grandchildren.

She has made her home with the family of J. C. Leydorf for the past 3 years.

Her funeral services will be held at the house on Friday, at 1 p. m.

She was well known and highly respected by all.

—George Schwind of Dolph, Mich., is visiting his family at Roachton.

—Chris. Voland and wife spent Thanksgiving with J. H. Betz and wife in Toledo.

—Frank Shipple and family are now located in Dolph, Mich., on George Schwind's farm.

—Thursday and Friday, Dec. 15 and 16, are the dates on which the Presbyterian church Christmas bazaar will be held.

—France is now well into a revolution so drastic, so subversive, that, although it is only in its initial stages, one must go as far back as the great Revolution for a parallel," writes David Graham Phillips in the December "Cosmopolitan." And he continues: "If the revolution were merely a separation of church and state, as the news dispatches declare, we could afford to neglect it. . . . But it is far, far deeper, far more significant. It is a surging up of forces which will presently be shaking the world." The awakening of the electorate in France to the true idea of a democratic republic, with the resulting activities, which constitutes the present French revolution, is very graphically set forth and explained by Mr. Phillips.

STARLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Bowers & Comstock, druggists. Trial bottles free, regular sizes 50c. and \$1.00.

BURT'S THEATRE.

"Why He Divorced Her," by Will C. Murphy, is a play of the spectacular, melodramatic order, having for its plot foundation a story or unreserved human interest where the heart strings of a poor, unsuspecting woman are sorely tried and the basest sort of villainy runs riot during the unfolding of a tale taken from the celebrated "Violet Bride" divorce case, which so electrified the country a few years ago. It is probable that no drama shown at Burt's this season has such a comprehensive series of pictures of the great metropolis as has this one. They are all used to advantage. A great boat fight occurs during the showing of the Long Island sound scene, while a dagger duel is a feature of the roof garden picture. It is said that in every way "Why He Divorced Her" is one of the most picturesque and startling sensational productions of the season, and that its scenic features and complement of actors are to be admired. "Why He Divorced Her" opened at Burt's Thursday.

LYCEUM THEATRE.

A jolly event as well as one of artistic significance is the appearance at the Lyceum the last half of this week of Al H. Wilson, "the golden voiced singer," in the romantic play, "The Watch on the Rhine," which has been his greatest success. In the character of Metz Strobel, which Mr. Filson assumes in this play, he has an opportunity for a full display of his singing and acting ability. His delicate humor is brought out to a wonderful degree and when occasion demands it he grows pathetic with charming tenderness.

Mr. Wilson is an actor born with undeniable talent. He is favored with a fine stage presence, a magnetic manner and an intelligent and expressive face that at one moment can depict touching pathos and at the next convulse his auditors with the heartiest laughter.

GREAT PICTURES.

An exhibition of great pictures that will interest art lovers in this part of the country will be in progress at the Toledo Museum of Art from November 28th until December 20th. Some of the most famous pictures in the world will be on exhibition, including the celebrated picture "The Russian Wedding Feast" by Makowski. This great picture is one of the best known pictures of modern times. Only two other pictures are perhaps as well known, those being "The Angelus" by Millet and "The Horse Fair" by Rosa Bonheur. The picture belongs to the Schuman Estate of New York, and when placed on exhibition earns a rental of one thousand dollars a week. Fifty thousand people viewed the picture when it was recently exhibited in Milwaukee. Twenty other pictures, some of them very large canvases 20 by 15 feet, by celebrated European masters will be exhibited at the same time together with many other interesting objects of art, including an exhibition of the famous Whistler etching.

During this exhibition the Museum will be open every morning, afternoon, evening and on Sunday.

Messrs. D. W. Mellin & Company, Springfield, Mass.:

GENTLEMEN—I am very much pleased with the Lowé Brothers' Paint that was used on my house, and the painter who did the work has finally admitted that there is such a thing as a first-class ready mixed paint on the market. He is very much prejudiced against any paint but what he mixes himself, but is honest enough to admit his error. I insisted that he should follow your directions in every detail and he did and the job came out all right. He did not want to, but as I was paying for it, he simply had to. My wife (who by the way is something of an artist) had formerly selected the colors and the painter insisted that the colors would not harmonize, but I insisted that he should follow the color scheme according to the sample card you gave and the result showed that your people not only know how to make paint but that they are artists as well. All my neighbors are throwing bouquets at me and everyone says it is the prettiest house in the ward. If I were to build again, I would send the plans to your people and abide by their selection. From the results obtained on my house, I shall have no hesitancy about recommending Lowé Brothers' Paint to everyone and to my friends I shall insist on their using it. You ought to see my house by moonlight; the colors through the trees glisten like the sea and the reflections are grand. I, you know, am not a very enthusiastic fellow, but the job was so much better than I thought it possible to be, that I have broken loose a little. If you fellows don't think that it is the prettiest painted house you ever saw, why come down and look it over and incidentally we will go down to the shore and get full of clams.

MORAL: When you paint, secure the advice and suggestions of those whose experience is broad—then act upon it.
